

MY FAVORITE LEADER

Dr Rauth Katherina Martha Pfau was born 9 sep, 1929 in Leipzig, where her family's home was destroyed in the bombings of World War 2.

After the war, Dr. Rauth Pfau fled from East to west Germany to peruse her medical training. She studied medicine at univerties in **"Mainz and Murburg"**.

INSPIRATIONAL WOMEN

Dr. Rauth Pfau has inspired me because she helped one of the most stigmatized diseases in Human history. She devoted more than 50 years of her life fighting **LEPROSY** in Pakistan.

QUALITIES OF A LEADER

- 1 Hard working
- 2 love
- 3 Sympathy
- 4 Self awareness
- 5 Courage
- 6 Respect
- 7 Inspiration

-8 Devotion

-9 Empathy etc.

She has all these qualities in herself.

I want to give a title of leader, to “Dr. Rauth Pfau”, Because a leader leads thousands of people, and she also known as “MOTHER TERESA”. In Pakistan. She is a first non-muslim lady honoured with state funeral in Pakistan.

She also awarded more awards;

IN 1969, She took the award of “ORDER OF MARRY GERMANY”

IN 1979, She took the award of “HILAL-E-IMTIAZ “From Pakistan.

1989, She took the award “HILAL-E-PAKISTAN” against the fighting of LEPROSY.

This is the true narrative of a human -centered leadership and our world needs more leaders like Dr. Rauth pfau.
